

.307 CELLULITE PLUS

Intensive slimming cream

Intensive professional slimming and anti-water retention cosmetic treatment. It contains the innovative SLIM COMPLEX that helps improve skin circulation and Caffeine with a lipolytic action that facilitates the destocking and melting of fats. Its formula is also enriched with Carnitine and compounds of essential oils that promote the drainage of liquids while vegetable oils and shea butter nourish and improve the elasticity of the skin, leaving it smooth and compact.

PROBLEMS

- Fibrous cellulite
- Sclerotic cellulite

EFFECTS

- Slimming
- Remodeling
- Draining
- Orange peel reduction
- Smoothing

Airless 500 ml

Cod. Art.: ARO201105

MAIN ACTIVE INGREDIENTS

SLIM COMPLEX

Revolutionary complex consisting of Nicotinic Acid and Menthol that activate the skin microcirculation without causing annoying hyperaemia or irritation; it also promotes oxygenation and nourishment of cells and has an anti-inflammatory function. SLIM COMPLEX consists of a "niacin" part (derived from nicotinic acid) and a "menthyl" part (derived from menthol). The niacin part produces a vasodilatory effect, while the menthyl part tends to produce a vasoconstrictor effect.

COMPOUND OF VEGETABLE ESSENTIAL OILS

(Ginger, Turmeric and Cinnamon)

The synergy of all the ingredients and their properties improves microcirculation and lymphatic drainage, accelerating metabolic exchanges and promoting tissue oxygenation. Furthermore, the perfume has an aromatherapy action.

LIPO-ACTIVE

Blend of Caffeine and Escin which acts synergistically to promote weight loss by reducing the thickness and the mass of adipose tissue.

CAFFEINE

One of the most effective active ingre-

dients in body treatments thanks to its lipolytic action. It is able to promote the degradation of triglycerides located in the adipocytes, causing their volume reduction. It also has strong antioxidant properties.

CARNITINE

It is naturally contained in the cells of our body and works in the cellular processes of energy production by promoting the burning of fats.

SHEA BUTTER

Moisturizing, nourishing and smoothing.

ALMOND AND RICE OILS

Elasticizing and emollient.

INSTRUCTIONS

Apply the product starting from the ankles up to the abdomen and massage until completely absorbed. External use.
PROFESSIONAL USE.
