

LIPOFIT

Program to treat localized adiposity

Professional treatment created to combat and treat localized adiposity on the abdomen and related imperfections. Thanks to the synergy of its components, it promotes the reduction of localized fat deposits on the stomach and hips, reactivating the skin microcirculation, improving the elasticity of the skin tissues and thus favoring the redefinition of the silhouette. Also ideal for men.

PROBLEMS

- Localized adiposity
- "Love handles"
- Loss of firmness

EFFECTS

- Slimming
- Remodeling
- Lipolytic

Cod. Art.: ARO101008

THE KIT CONTAINS

1
Glycolic Acid

4
Adiposlim

4
Adipoless

4
Liposolve

INFO

Complete instructions inside the kit.

FOR BEST RESULTS COMBINE WITH Pressotherapy / WaveShape (ultrasound).

...

HOW TO USE

1 - PREPARATION

Leave the double bag (ADIPOSLIM + ADIPOLESS) and the single LIPOSOLVE package in a bowl with hot water for 2 minutes.

2 - PEELING

Prepare the client for the session with a peeling by spraying Glicolyc Acid first on the hands and then on the area of the body to be treated. Leave for 4 minutes and remove the residue with a damp cloth.

3 - ACTIVATION

Separate the double bag (ADIPOSLIM + ADIPOLESS) according to the pre-cut line and proceed with the relative opening. Empty all the contents of the two bags (ADIPOSLIM + ADIPOLESS) into a suitable bowl and mix the two products until a single homogeneous gel is obtained. Wait a few seconds for the hot-cold system to activate. Apply the contents of the two bags to the area to be treated with a brush without massaging.

4 - SHOCK ACTION

Wrap the entire abdomen with the pre-soaked LIPOSOLVE matrix. Apply any residual gel on the matrix with a brush. Then wrap the client with cartene and leave it on for 30 minutes.

5 - FINAL MASSAGE

Conclude the treatment with a light massage using the specific Arosha cream.

TOTAL TREATMENT TIME

60 minutes.

COMBINABLE WITH

- Pressomassage
- Arosha WaveShape
- Electrostimulation/Ultrasound

NOTE: Before applying the Glycolic Acid it is recommended to proceed with a mechanical peeling using the Arosha body brush. Thanks to its vegetable fiber bristles and specific movements, it is not only an excellent tool for peeling but also helps to stimulate the lymphatic system with an energizing effect.

*The customer is advised not to shower for the next 3 hours, to ensure the action of the active ingredients even after the treatment.
