

LIPOLYTIC BOOST

Remodeling action
and reduction of adiposity pack

Home treatment that combines two "highly technological" products for the treatment of localized adiposity. In fact, the new Arosha Lipolytic Boost box combines the strength of the lipolytic cream, known for its exclusive active Anti-Cellulite Cosmetic Drone - selective and unique delivery system -, with the innovative Hydrogel patch with the exclusive patented extended-release formula of the Transdermal Delivery System.

PROBLEMS

- Localized adiposity on the abdomen and hips
- Accumulations of fat in the belly-hips area

EFFECTS

- Slimming effect
- Fat-burning effect
- Reduction of adiposity
