

## BC MASK URBAN DEFENCE

A 100% pure biocellulose fibre mask with hyaluronic acid and brown algae

This professional mask is made of high-quality biocellulose soaked in antioxidant, film-forming and remineralising substances.

### PROBLEMS

- Skin exposed to pollutants (smog, heating, UV rays...)
- Stressed skin

### EFFECTS

- Remineralising action
- Antioxidant action
- Protected skin
- Hydrated skin

Single-dose 20 ml sachet

Product included in the kit and not sold separately

## MAIN ACTIVE INGREDIENTS

### ORGANIC BIOCELLULOSE

Biocellulose forms the base of this innovative mask which, in addition to perfectly adapting and adhering to the skin, has technologically-distinctive properties: **1.** Deeply transports the active ingredients with which it is imbued; **2.** Removes impurities from the skin.

### CHONDRUS CRISPUS EXTRACT

A red alga rich in carrageen whose film-forming properties exert an action that is both protective against environmental stresses and moisturising. Prevents water loss and helps to convey the ingredients with which it is combined.

### HYALURONIC ACID

A hyaluronic acid with high molecular weight, having a deeply moisturising and

film-forming action.

### PELVETIA CANALICULATA EXTRACT (Brown Alga)

Provides effective protection against damage. Helps to protect the skin against deterioration in the DNA and cutaneous ageing.

## INSTRUCTIONS

Open the sachet and remove the mask. Apply the serum within the sachet using a light massage. The mask is between 2 films. Once the mask is removed from the sachet, remove the outer film, apply the mask to the face then remove the second film. Ensure the mask perfectly adheres to the entire face, including the eyes, and leave on for 20-30 minutes. Remove and gently dab any remaining serum with the palm of your hands. Available in the Urban Defence Kit. No alcohol, no perfume.
