MAIN ACTIVE INGREDIENTS

ARGIRELINE® (Acetyl Hexapeptide-8)

A "botox-like" biomimetic peptide that acts on expression lines, modulating the function of neurotransmitters that regu-

late the relaxation of the facial muscles. Its effectiveness is tested in vitro and in vivo.

PLANT STEM CELLS (from apple)

Plant stem cells that are rich in phytonutrients and proteins. Cells with extensive longevity. Soy Isoflavones: stimulate repair in the DNA and prevents UV damage.

INSTRUCTIONS

Apply to the face and massage lightly until completely absorbed
