

URBAN SHIELD MASK

Mask with 100% Pure Biocellulose Fibre + E Complex, Cross-linked Hyaluronic Acid, Portulaca Oleracea Extract & Chlorella Vulgaris

A mask made of pure biocellulose fibre with detoxifying and oxygenating properties. Thanks to the pool of functional substances within, it creates an invisible film that protects the skin from daily aggression of atmospheric agents, slowing down the oxidative processes responsible for skin ageing. The Chlorella Vulgaris extract exerts a detoxifying action, with trace metals having an antioxidant action whilst the NMF-like complex moisturises and protects the skin.

PROBLEMS

- Skin exposed to pollutants (smog, heating, UV rays...)
- Stressed skin

EFFECTS

- Antioxidant action
- Protected skin
- Hydrated skin
- Soft, supple skin

20 ml single-dose sachet in a single or 3-pack

Cod. Art.: ARO502008

MAIN ACTIVE INGREDIENTS

ORGANIC BIOCELLULOSE

Biocellulose forms the base of this innovative mask which, in addition to perfectly adapting and adhering to the skin, has technologically-distinctive properties: **1.** Deeply transports the active ingredients with which it is imbued; **2.** Removes impurities from the skin.

E COMPLEX

Complex of active ingredients that act

as a 'formula-within-a-formula' for: skin hydration (aloe, vitamins, betaine); antioxidant properties (resveratrol, vitamins, minerals); elasticity (chitosan, pullulan); the correct level of permeability (dimethyl isosorbide).

CROSS-LINKED HYALURONIC ACID

With the ability to absorb water 100 times greater than its weight, it attracts and retains water whilst maintaining the

right moisture balance in the extracellular space for fresher, more youthful skin.

PORTULACA OLERACEA (Stem Cells)

Its stem cells improve the signs of ageing and wrinkles whilst adding brightness.

CHLORELLA VULGARIS EXTRACT

Improves skin elasticity due to its ability to stimulate collagen synthesis. Rich in vitamin B12.

INSTRUCTIONS

Clean the face before applying. Open the sachet and remove the mask. Apply the serum within the sachet using a light massage. The biocellulose mask is between 2 films. Once the mask is removed from the sachet, remove the outer film, apply the mask to the face then remove the second film. Ensure the mask perfectly adheres to the entire face, including the eyes, and leave on for 20-30 minutes. Remove the mask and gently dab with the palm of the hands to facilitate the absorption of any residue.
