

.516 CELLUNIGHT

Slimming night treatment

Intensive treatment against skin blemishes related to advanced cellulite. A targeted formula based on NOCTURSHAPE™, a biotechnological active ingredient of marine origin tested for its effectiveness in counteracting nocturnin, the protein responsible for the accumulation of fat during the night. It also contains Caffeine and Carnitine, known for their high lipolytic power, and the Collagenase enzyme which, by selectively breaking down the amorphous collagen around the fat cells, favors the degradation of the fibrous nodules. .516 CELLUNIGHT, applied every night, helps reduce the annoying "orange peel" skin and improves skin elasticity and tone.

PROBLEMS

- Fibrous cellulite
- Sclerotic cellulite

EFFECTS

- Slimming
- Lipo-reducing
- Volume reduction
- "Orange peel" reduction
- Degradation of fibrous nodules

Tube 200 ml

Cod. Art.: ARO202133

MAIN ACTIVE INGREDIENTS

NOCTURSHAPE™

Innovative molecule produced from plankton through a highly biotechnological process. Promotes the slimming effect with a new mechanism of action: it acts on NOCTURNINA, a protein strongly presents in adipose tissue, capable of stimulating the accumulation of fat with a peak in the early hours of the night. Nocturshape™ applied in the evening, before going to bed, promotes the specific inhibition of this protein thus stimulating the nocturnal reduction of fat cells.

CAFFEINE

One of the most effective active ingredients in body treatments thanks to its lipolytic action. It is in fact capable

of promoting the degradation of the triglycerides present in the adipocytes, causing their volume to be reduced. It also has strong antioxidant properties.

CARNITINE

Naturally contained in the cells of our body, this substance intervenes in the cellular processes of energy production, promoting the burning of fat.

COLLAGENASE

Enzyme of the metalloprotease group capable of cutting the peptide bonds present in collagen. Specifically, it intervenes in the breakdown of defective collagen fibers which, on the one hand, by compressing the fat cells lead to the formation of fibrous nodules and,

on the other, by exerting traction on the skin, causing the so-called "orange peel" effect. The result is therefore a real restructuring of the skin and a consequent smoothing and toning effect.

SHEA BUTTER

Moisturizing, nourishing and smoothing.

ALMOND AND RICE OILS

Elasticizers and emollients.

INSTRUCTIONS

Apply an adequate quantity in the evening, massaging until completely absorbed with large and circular movements, starting from the ankles to the abdomen. Wash hands thoroughly after use and avoid contact with eyes and mucous membranes. Avoid contact with non-intact skin. Rinse immediately if irritation occurs. External use

INGREDIENTS: AQUA (WATER), CAPRYLIC/CAPRIC TRIGLYCERIDE, PROPANEDIOL, OLUS OIL (VEGETABLE OIL), BUTYROSPERMUM PARKII (SHEA) BUTTER, CETYL ALCOHOL, ORYZA SATIVA (RICE) BRAN OIL, PRUNUS AMYGDALUS DULCIS (SWEET ALMOND) OIL, CETEARYL GLUCOSIDE, GLYCERIN, CETEARYL ALCOHOL, SORBITAN OLIVATE, CAFFEINE, DIMETHICONE, ORYZA SATIVA (RICE) STARCH, CARNITINE, R-CLOSTRIDIUM HISTOLYTICUM COLLAGENASE, HYDROGENATED VEGETABLE OIL, ALLANTOIN, EUPHORBIA CERIFERA (CANDELILLA) WAX, HYDROXYACETOPHENONE, PARFUM (FRAGRANCE), CAPRYLYL GLYCOL, 1,2-HEXANEDIOL, XANTHAN GUM, DISODIUM PHOSPHATE, TOCOPHEROL, SODIUM PHOSPHATE, GLYCERYL CAPRYLATE, SACCHARIDE ISOMERATE, BETA-SITOSTEROL, SQUALENE.
