RESTORE

The new .250 RE-HYDRA treatment is inspired by the art of Saho, an ancient Japanese beauty ritual.

Feather-light and ethereal textures skillfully combine to create a series of layers that hydrate and protect the skin.

PROFESSIONAL TREATMENT

Experience comprehensive and effective results from the very first treatment

.250 RE-HYDRA

Three products with a pool of actives to strengthen the skin's barrier function and promote optimal hydration

.251 HYDRA MASK

Hydrating gel mask

.252 HYDRA ESSENCE

Hydrating and soothing lotion

.253 HYDRA SERUM

Hydrating and repairing booster

BOOST NOVELTIES

Solutions to optimize and maximize the results achieved in cabin at home

.702 HYDRA ESSENCE

Silky fluid to rebalance the hydrodynamics of the skin and strengthen its barrier function

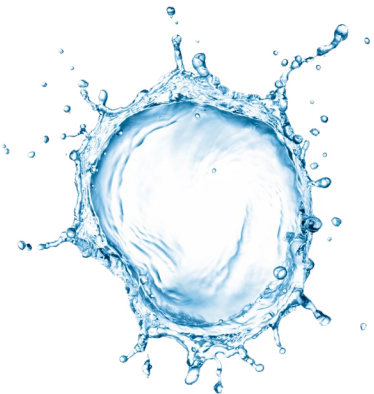

.703 HYDRA SERUM

Concentrated serum capable of rebuilding the hydrolipidic film and improving skin elasticity

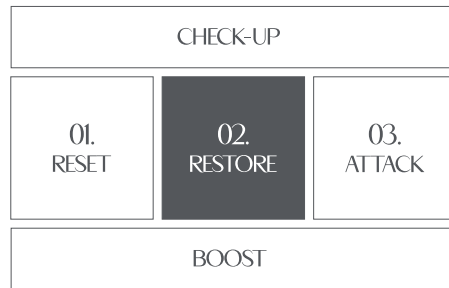

.704 HYDRA CREAM

Face gel cream with a “sorbet” texture that strengthens the skin's barrier and maintains optimal hydration

3DAQUACTIVE technology operates with a dual mechanism of action: internally, it strengthens the skin's barrier function, while externally, it creates a thin protective layer that reduces water evaporation

From the first treatment, the skin will appear visibly revitalized, brighter, and more elastic
