

ATTACK / BODY

# REWRITE YOUR STORY

A new dimension of youth  
and vitality for your body

In the third and final ATTACK phase of the Arosha method, .340 ACTIVE UP is tailored to face skin sagging, body atony, and visibly enhance the appearance of newly formed stretch marks, all of which are inesthetics caused by the natural aging process, weight loss, and improper, sedentary lifestyle.

The result? Firmer, toned, and remarkably resilient skin.
